

General Plan Update

PLANNING COMMISSION MEETING NOTICE

Notice is hereby given that the Planning Commission will hold a public meeting on Monday, August 15, 2011 at 7:00 pm at City Hall Council Chambers at 201 West Sierra Avenue. This meeting will complete the July 18th discussion of housing goals and policies, as well as open space and conservation issues of the General Plan Update.

The General Plan is an important planning tool that identifies the City's vision for growth, economic development, community character, and other important issues for 20 years or more into the future. To reach this envisioned future, the updated General Plan will include goals, policies, and actions that address both immediate and long-term needs.

You are invited to attend the meeting and identify issues and priorities related to open space, conservation, and housing that you think should be addressed in the General Plan Update.

Following the meeting, the presentation will be available on the General Plan Update website at cotati.generalplan.org. Further information can be obtained by calling Keri Pajon at (707) 665-3637. Please visit the General Plan Update website to find out more about ways to participate, including attending upcoming meetings and entering the photo contest.
